International voluntary service with Friedenskreis Halle e.V

For more than 15 years the Friedenskreis Halle has been offering voluntary service here in Halle and the surrounding area for young people between 18 and 28 years of age.

In an international voluntary service with the Friedenskreis Halle you live, learn and get involved for a year with a social or socio-political organization in Halle, Germany. You learn from your colleagues and are an additional support to them. For us in the Friedenskreis, voluntary services are learning and peace services. Our goal is to give you the opportunity to learn independently, to gain experience and to research your own questions with the voluntary service. This happens in the volunteer services through the work and the discussions in the place of deployment, in the new everyday life and is supported by our accompanying seminars.

We also deal with socio-political issues, our own position and responsibility, the reduction of racism and many other questions that for us have to do with peace. With an exchange between the most diverse experiences and perspectives, you will be strengthened in your steps towards a fair and non-violent coexistence in diversity.

The Friedenskreis Halle e.V. is an association for the promotion of peace education, politics and services. For more see: www.friedenskreis-halle.de

About PoA (Places of Assignment)

Every volunteer will do their voluntary service in one organization/institution in Halle. Those places are called Places of Assignment. There are various choices a volunteer can make, and every POA has a different area of activity and concern. For example, youth and kids center, human rights organizations, Kindergartens, old people care house and so on. Our volunteers can choose among more than 10 PoAs. To read more about each of the places of assignment please visit our webpage.

»For me was great to have the opportunity to have two PoAs, as I have worked in the Friedenskreisoffice and SCHIRM house. While in the Friedenskreisoffice I had to deal more in a project assisting, work from office and writing, in SCHIRM I could work directly with people, like helping their documents, translations, talking and getting socialized.«
