Solidarity with #Ukraine – opportunities for support in Halle (Saale)

1. Private accommodation for refugees from Ukraine in Halle

After Russia's attack on Ukraine, there is a great need to accommodate people who have left and will leave their homes. Therefore, the AWO SPI coordinates private accommodation offers for Ukrainian refugees in coordination with the city of Halle (Saale). Accommodation needs are communicated to those providing support as precisely as possible. Residents who want to take in people from Ukraine can register their offer at the AWO SPI contact point:

Email: ukraine@awo-spi.de

Phone/WhatsApp: 0176144997- 01

2. Practical help with sorting donations

At Slawia e. V. in Wilhelm-Külz-Straße 22, help is still needed until Friday to gather donations (daily 10am – 5pm). Those who will participate should take scissors, parcel tape and highlighters.

3. Call for donations for the trip to the Ukrainian-Polish border

Appeal for donations for the Ukrainian-Polish border trip. Today, on 02.03.2022, friends and active members of Friedenskreis Halle e.V. are going to the Ukrainian-Polish border by car.

They will be able to bring and accompany refugees from Ukraine safely to Halle. As Friedenskreis Halle e.V. we support their important commitment and call for donations for the travel costs. Please donate by using the keyword "Ukraine" to the following account:

5. More info on the reception of war refugees from Ukraine

At the chair of Prof. Kluth in Halle, a handout on the admission of war refugees from Ukraine was prepared. It deals primarily with the mass influx directive and a federal admission program. The text is very simple and only explains the basics. Perhaps it is nevertheless helpful. You can find the document on the website of the Research Center for Migration Law: https://kluth.jura.uni-halle.de/forschungsstelle_migrationsrecht/.
